

**COLORADO**

**Governor's Office of  
Information Technology**

Serving people serving Colorado

# What's on your dance card?

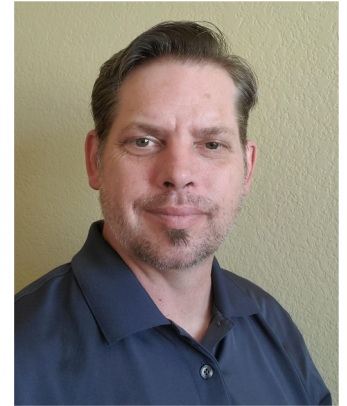

**Craig Hurter**

**Deputy CISO**

**Colorado Governor's Office of Information Technology**

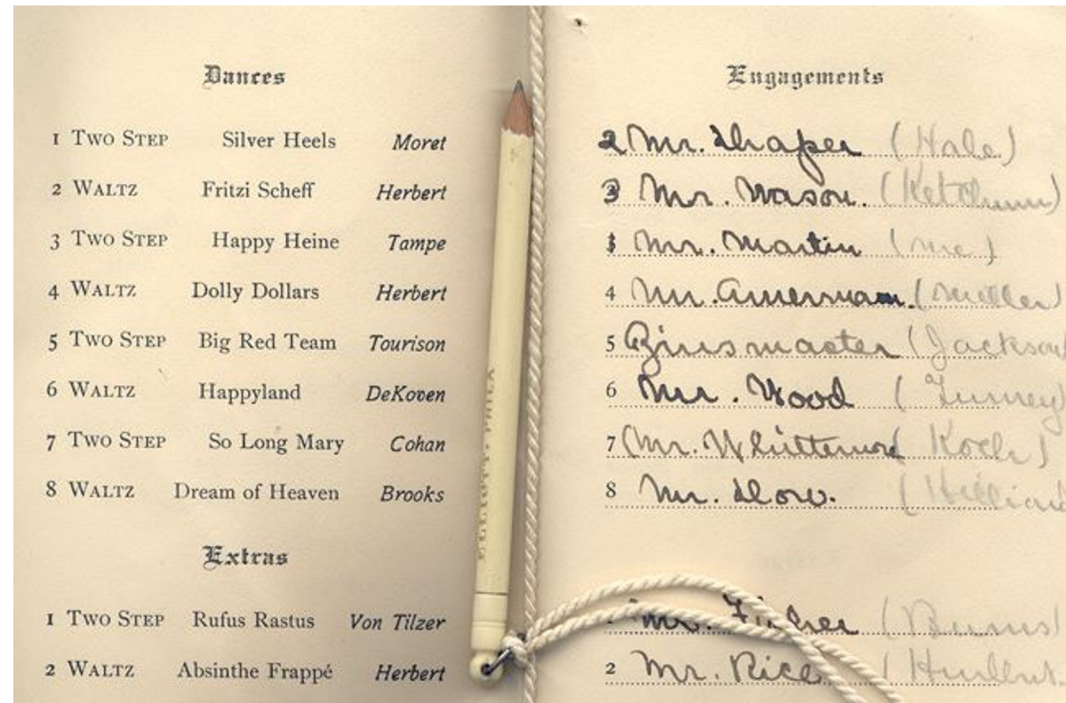

Craig has worked in the IT industry for over 25 years and has focused on security for the past 15 years. He started in security as a forensic analyst and incident handler. After doing that for several years he moved into leadership in the InfoSec space and has been leading security teams in different capacities for the past 10 years. Craig has experience in Higher Education, Healthcare, Software Companies, and State government as well as some non-profit experience. Craig is passionate about creating the Office of Know instead of the Office of No. Craig currently serves as the Deputy CISO for the State of Colorado Governor's Office of Information Technology.

I effectively support the CISO and the initiatives of the Security team.

# What's on your dance card?

Picture taken from: <https://orrongroup.files.wordpress.com/2013/04/dance-card.jpg>

## Why dancing?

- What is security really?

## Why a dance card?

- What are your priorities?
- What do you plan to do about them?
- When are you going to do that?

A dance card helps us remain organized and effective

# What does OIT's dance card look like?

5 different security verticals

- Identity and Access Management
- Security Operations
- Security Risk and Compliance
- Security Governance
- Security Architecture

Each team performs many functions to support the enterprise

We are responsible for over 35,000 systems and over 50,000 identities

We support 17 consolidated agencies to include CO Department of Revenue, CO Department of Transportation, CO Department of Public Safety and CO Department of Corrections.

We also provide internet connectivity for other non-consolidated agencies

## Some of the goals for the CISO office for this year

Cyber Self Insurance

Threat Intelligence Team

Mobile Security Team

IAM enhancements

Bring in a new Security Risk and Compliance Director

Bring in a new Director of Security Operations

Colorado Whole of State Initiatives
