

11TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Sean Barkey

Federal Account Executive, Project Hosts

Sean Barkey is the Federal Account Executive at Project Hosts, overseeing all DoD and Federal sales. In this role Sean has added over 40 Independent Software Vendors to the Project Hosts' DoD IL5 authorized and FedRAMP compliant cloud, 9 of which now have PATOs. He is an integral piece in managing the relationship between Project Hosts' customers and our infrastructure provider, Microsoft. Sean also spearheaded the effort with DISA to achieve Project Hosts' IL5 PATO. Project Hosts was only the third company to accomplish this at the PaaS level and the seventh company to receive an IL5 PATO at any level.

Prior to joining the Project Hosts Sean was the Vice President of Federal Sales at Sightline Systems. In this role he managed the Federal sales team in an efforts to expand their caliber performance monitoring, management and RCA software into all Government Data Centers. Sean Barkey attended the University of Pittsburgh where he majored in History, minored in Computer Science and lettered on their Division I wrestling team.

11TH ANNUAL PEAK CYBER SYMPOSIUM
