

16TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Brad McKay
USSF & MDA Account Executive
Rubrik

Brad McKay leads the U.S. Space Force and Missile Defense Agency as part of the Rubrik Federal team, where Rubrik has spent more than a decade helping Department of Defense and Intelligence Community organizations strengthen cyber resilience and protect mission-critical data. Through longstanding partnerships across MDA / Space Force ecosystem and support for initiatives such as Thunderdome, Brad works with mission owners to modernize data security strategies, accelerate cyber recovery, and advance Zero Trust architectures. Based in Virginia, he focuses on delivering resilient data protection capabilities that enable national security organizations to operate confidently in increasingly contested environments.

16TH ANNUAL PEAK CYBER SYMPOSIUM

SEPTEMBER 9 - 10, 2026 | COLORADO SPRINGS, CO
