

11TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Rock Lambros
CEO and Founder, RockCyber

Rock Lambros is the CEO and Founder of RockCyber, a strategic cybersecurity consulting firm. He is a seasoned cybersecurity and executive with over 20 years of expertise in aligning cybersecurity strategy with enterprise business goals. Rock believes that business alignment of a cybersecurity program is the best approach to reduce the risk of revenue to an organization. Rock's experience includes building and leading security programs with exceptional security and privacy requirements across critical infrastructure sectors. Rock is a member of ISSA, ISC2, the Cloud Security Alliance and OWASP. He graduated with an MBA in Finance and Entrepreneurship from Arizona State University and received his B.S. in Management Information Systems from the University of Nevada Las Vegas.
