

16TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Heather Papoulis
Federal Solutions Advisor
ReversingLabs

Heather Papoulis began her career in animal behavior and psychology, leading an animal behavior technology company for more than a decade as an internationally certified behaviorist. Recruited into cybersecurity for her ability to make complex technical concepts accessible, she now works across Federal and SLED at ReversingLabs. Heather engages public-sector security practitioners nationwide on software supply chain security, third-party software risk, compliance, advanced malware analysis, and threat hunting; helping connect emerging threats and technologies to practical mission outcomes.

16TH ANNUAL PEAK CYBER SYMPOSIUM

SEPTEMBER 9 - 10, 2026 | COLORADO SPRINGS, CO
