

16TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Stuart Phillips
Malware Analysis and Threat Hunting (MATH)
Cybersecurity Solutions Architect
ReversingLabs

Stuart Phillips is a Malware Analysis and Threat Hunting (MATH) Cybersecurity Solutions Architect at ReversingLabs. He brings more than 25 years of experience across cybersecurity, networking, and unified communications, with prior cybersecurity focused roles at Cisco, Polycom, HP, Fortinet, and Unisys. Stuart has supported military, government, financial-services, and global enterprise organizations, including founding Santa Barbara Labs, which supported U.S. Air Force work as a Lockheed Martin subcontractor focused on hacking military and commercial satellites. He holds a B.S. in Computer Science and an MBA.
