

16TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Johnathan Dean
Compliance Success Partner
RainTech

IT professional with experience spanning GRC, cybersecurity, software support, customer service, and people management. Built a career leading teams, improving processes, and supporting complex cloud environments, including Microsoft GCCH. Served in both technical lead and management roles, guiding engineers, driving quality improvements, and helping deliver strong client outcomes in high-demand support settings. Also brings compliance-focused experience supporting frameworks such as CMMC, SOC 2, HIPAA, and related security initiatives. Holds CompTIA Security+ and is currently awaiting Tier 3 investigation completion in support of CCP and CCA pursuit. Known for blending technical depth, operational leadership, and a strong customer-first mindset every day.
