

13TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Dr. Tomas A. Pena, Lieutenant Colonel, USAF (Retired)
Technology Fellow | Chief Technologist for Cyber Operations
Space and Airborne Systems Segment
Cyber Engineering Department
L3Harris Technologies

Dr. Pena is a Technology Fellow and the Chief Technologist for Cyber Operations in the L3Harris Technologies' Space and Airborne Systems Segment, Cyber Engineering Department. His responsibilities include leading cyber innovation and research and cyber threat intelligence in defensive and offensive roles. He leads cyber technology collaboration and strategy across the enterprise in his role as the Cyber Tech Network Node Lead. His experience includes 30 years of leadership in military cyberspace operations, systems engineering, advanced military programs, and project management.

Dr. Pena retired from the U.S. Air Force as a Lieutenant Colonel following 20 years of active duty. He worked as an intelligence, space, and cyber warfare contractor for 10 years in Washington D.C., Central Maryland, and Colorado. He holds a Bachelor of Science in Computer Science, Master of Science in Computer Information Systems, and Doctor of Science in Cybersecurity. He is also Founder and President of Parallax Cyber LLC, a cybersecurity education and training company.

Dr. Pena holds multiple professional certifications including:

- ISC2 Certified Information Systems Security Professional (CISSP)
- INCOSE Certified Systems Engineering Professional (CSEP)
- EC-Council Certified Ethical Hacker (CEH)
- GIAC Reverse Engineering Malware (GREM)

Dr. Pena is a member of the Marine Corps Cyber Auxiliary (MCCA) and is also the Editor in Chief of the Military Cyber Professional Association's (MCPA's) *Military Cyber Affairs Journal* where he works with a team of editors in reviewing, editing, and publishing the academic journal.
