

15TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Heather Papoulis
Federal Solutions Representative
ReversingLabs

Heather Papoulis built her career in animal behavior and psychology as an internationally certified behaviorist, leading an animal behavior technology company for over ten years. Recruited into cybersecurity for her ability to connect people to complex technical concepts, she now serves on the federal team at ReversingLabs. She travels to cybersecurity events nationwide to help federal practitioners adopt AI-driven binary analysis for software supply chain security, advanced malware analysis, and threat hunting.

15TH ANNUAL PEAK CYBER SYMPOSIUM

OCTOBER 2 - 3, 2025 | COLORADO SPRINGS, CO
