

13TH ANNUAL PEAK CYBER SYMPOSIUM

SPEAKER BIO

Dr. Brian Hart
Sr. Principal Scientist
Space Training and Readiness Command (STARCOM)
United States Space Force (USSF)
SAIC
“Unlocking the Power of Shift-Left: Elevating Software Development for Defense”

Dr. Brian Hart obtained his Ph.D. in Astrophysics from the University of California, Irvine in 2008, where he studied under Professor David Buote to learn about the structure and evolution of the Universe. Having experience in software technology going back to 1994, plus over 150 technical publications and public speaking experience, Dr. Hart is currently employed as a Senior Principal Scientist with SAIC. Dr. Hart supports the Horizon 2 program for the United States Space Force here in Colorado Springs. Dr. Hart is a Veteran of the U.S. Army and the U.S. Navy, having most recently served on active duty at Fort George G. Meade, MD where he supported the DoD Customer as a U.S. Navy Officer with a Cyber Warfare Engineer designator. Dr. Hart has previously held positions at Jacobs Engineering supporting Cheyenne Mountain/Space Force test and development needs, and supported USSPACECOM/J58 providing support for operators using predictive AI/ML. Originally from Minneapolis/Saint Paul, Minnesota, Dr. Hart lives in Colorado Springs with his Black Lab, Bruce, and likes bowling, winter sports, exploring, and swimming.
